NOTES

See page 6 for icons description.

Palletized upright.

Techo-Bloc always recommends gluing the caps with concrete adhesive to ensure stability and safety.

*For an authentic look, each color option is composed of a variety of darker & lighter tones. Natural ingredients such as granite are present within the recipe to allow for a range in tones, veining and textures from one stone to another.

See 247 for more technical information.

Please note that for barefoot walking areas (e.g. pool deck) dark-colored paving units could get very hot under the sun.
